Forecast for Saturday 11 Jun 2022

Weather: Mostly dry start with a mix of bright or sunny spells and cloudy periods. Cloud thick enough to give scattered showers from mid-morning, some of which will be heavy in the afternoon. A windy day with summit gales and winds especially strong around lunchtime.

Chance of cloud-free hill tops above 700m: 70% patchy or scattered low cloud at times around showers however the main cloud base will be above the summits.

Low cloud and visibility: Very good general visibility with good views likely from height but visibility dipping to moderate in any showers and cloud may thicken at 600-700m in heavier showers later in the afternoon.
